Q. 5 Case Study - Read following case and attempt the given below questions.	Sold Co.
Comman Data da	
Super Robots is a toy manufacturing company which is in the business for the past two domanufacturing unit is situated in Mumbai, while its sales and marketing are spread of geographical area, especially in the major cities across the country. Over the years, a competitors have sprung in the field. Far from child's play, the company found that the is a tough business. Some of the problems faced by it are:	ver a large
 There is a massive sale during the festival seasons. If the company's product is delayed valuable market is missed. 	
 "Fashion" or "cult" status products influence the market. Any wrong decision in this means loss of sale and build-up of unwanted inventory. 	
 There are high marketing and promotional costs. If these programs go out, the sales dromassively 	ор
 Any misjudge of the market can also mean closing down of the company. 	
 The company has problems regarding stock holding at its distribution centers. This is n to wrong inputs from feedbacks and improper surveys. 	nainly due
• The company relies mainly on hired fleet of road transport. The services are not up to t	he mark
in terms of delivery schedules, safety of goods from pilferage/theft, and mishandling of	f product.
 Marketing strategies are far from adequate. They are not effective enough to counter th 	e
strategies adopted by the competitors.	-
You are required to study and guide the company regarding the following matters.	
a) Warehousing at distribution centers and large retailers to cut down inventory costs plus	
other suggestions in order to reduce inventory carrying costs.	(5)
b) Advantages of outsourcing in terms of preparing girls' and boys' toys, toys in local	
languages, toys for different age ranges, packaging, effecting savings on damages/	
transport, responding fast to customers' requests, etc.	(5)
c) How to cut down cost on advertisement campaigns by alternative forms of spreading	()
awareness?	(5)
